Harding Veto of Bonus Almost Certain

MESSAGE MAY BE GIVEN TO HOUSE TODAY

Leaders in Congress Are Making Plans With Veto in Mind; Defer Action

INTERVIEWS PRESIDENT

Confident Large House Majority Will Vote to Override Harding Veto

WASHINGTON, Sept. 18.—Veto of the soldiers bonus bill by President Harding was expected generally tonight by congressional leaders and administration officials. Some of Mr. Harding's advisers said his message practically had been completed and they looked for him to send it to the house tomorrow.

Leaders in congress were making plans with a veto in mind. In the house it was the intention to defer action until Wednesday so as to keep a working quorum on hand for disposition tomorrow of important conference reports on other measures.

A senate vote might be deferred until Thursday, depending largely upon the hour of the house vote. Meantime, however, both opponents and proponents were marshaling their forces with indications that the roll call would show the largest attendance of senators in months.

Headed by Hanford MacNider, national commander of the American Legion, a delegation representing various veteran organizations appeared at the White House today to make a final request of the president that he sign the bonus measure. Some members of the delegation said the president had not stated "whether he would approve the measure," while others said they gathered the impression that the executive would veto the bill now before him.

Commander MacNider told Mr. Harding that "we have no threats to make politically," but that the organizations hoped "that the will of the American people, expressed by the action of congress will be carried out."

Some members of the delegation quoted the president as saying that he would be glad to see a bonus measure enacted into law if he were confident that it would not entail greater cost to the government than \$10,000,000,000 and would take care of the able bodied veterans for all time. They said, he added, however, his belief that there would be an ultimate outlay of \$50,000,000,000.

Apparently confident the house would vote by a large majority to override a veto, senate foes of the bonus redoubled their efforts today to obtain a safe margin there. They claimed 34 senators as certain with the probability that by the time a vote

Patagonia Cashier Is Declared to Be Missing With Funds

NOGALES, Ariz., Sept. 18.—A warrant has been issued for the arrest of A. B. Zandt, 22, bookkeeper for the First State Bank of Patagonia, it was announced today by W. P. Capehart, president of the bank, who said that Van Zandt disappeared from Patagonia last Wednesday night with \$2,200 of the bank's funds. Van Zandt, who formerly lived at De Leon, Texas, is believed to be in Magdalena (Sonora) Mexico.

Bank Short \$68,000; Cashier Is Missing

HOPE, N. M., Sept. 18.—Following the closing of the first National Bank here last week, it developed today that there is a shortage of approximately \$68,000 in the bank's funds, according to S. S. Ward, of Artesia, N. M., president of the bank, who was here today. Hugh M. Gage, cashier, has not been seen since last Tuesday. A national bank examiner arrived here Saturday and is going over the bank's books.

Striking Shopmen Returning To Jobs Declare Officials

CHICAGO, Sept. 18.—Threats against non-union workers, but few outbreaks, were reported today as several more railroads put into effect the shopcrafts peace plan and as the number of men employed on other roads increased, it is now estimated that shop forces are about 85 percent of normal.

Officials of both the Chicago, Milwaukee and St. Paul and the Chicago and Northwestern announced that the striking shop men returned to work by the thousands during the day and without any signs of violence noted Saturday when the returning workers demanded that all non-union employees be dismissed.

Meanwhile the Southern Railway and the Mobile and Ohio, which is controlled by the Southern, announced that they had signed the shopcraft agreement which was approved by the committee of the unions last week. J. E. Gorman, president of the Rock Island, announced, however, that no further negotiations would be carried on by that road with officers of the shop craft, but that an "association of Rock Island shop employees" is being formed by those now in the service with whom all future negotiations will be conducted.

STATE FRENCH OPPOSE ACTION AGAINST TURKS

French Cabinet Hurriedly Called to Meet; Britain Modifies Policy

PARIS, Sept. 18.—(By the Associated Press).—A meeting of the French cabinet has been hurriedly called for tomorrow morning to consider certain divergent views which exist between Great Britain and France over the question of the straits. The meeting was originally set for Thursday, but the date was changed tonight so that the ministers, under the presidency of M. Millerand, could give immediate consideration to the British plans for the defense of the Dardanelles as outlined in the official British note issued Saturday.

It is believed that the French government is opposed to military action against the Turks in the event the latter attempt to cross the straits. Well informed authorities say Great Britain has informed France or is about to inform that the British empire intends to defend the straits against possible Turkish occupation with the full strength of the British military and naval forces. Further regarded possible that Great Britain has asked France to participate in this military move by sending additional troops.

No Intention of War

LONDON, Sept. 18.—(By the Associated Press).—The declaration that Great Britain does not intend to engage in any new war, obtained from an authoritative source today, coupled with other statements of a modified policy, is taken to mean that the series of cabinet meetings and ministerial conferences in the last few days has been partly in preparation for possible attacks on the British forces by the Kemalists and partly as plain preparation for the contemplated conference for the settlement of the Turkish question.

While it is not seriously expected in military quarters that Mustafa Kemal Pasha head of the Turkish nationalists will make an attempt either to capture Constantinople or cross the straits the British wish to be ready in case of emergency and not sacrifice the meagre contingent of troops long stationed in Constantinople.

REPORT 800 EARTHQUAKES

HONOLULU, Sept. 18.—(By the Associated Press).—The Nippon Jiji has received a cable stating that 800 earthquake shocks have been registered in Formosa within the last two weeks, culminating in a violent disturbance Saturday which destroyed several buildings. It was established no lives were lost.

DEFER ACTION ON DAUGHERTY IMPEACHMENT

House Committee Postpones Consideration of Charges Until December

DELAY IS DENOUNCED

Democrats Oppose Motion; Daugherty Should Be Removed, Says Attorney

WASHINGTON, Sept. 18.—By a vote of eight to three, the house judiciary committee, at a hastily called meeting today, postponed consideration of the Keller impeachment charges against Attorney General Daugherty—set for tomorrow—until the short session of congress, beginning in December.

Decision to defer action virtually was reached at a conference of Republican members of the committee earlier in the day, at which it was contended that the hearing should not proceed while Mr. Daugherty was in Chicago in connection with injunction proceedings against striking railway employees, the basis for the impeachment charges.

Action by the committee, with Democrats voting in opposition, was taken a short time after Representative Keller, Republican of Minnesota, who had sought impeachment, had announced that Samuel Untermyer of New York, would represent him before the committee. Mr. Keller characterized the delay by the committee as "unfair" and later made public a letter from Mr. Untermyer which he had planned to present at the meeting tomorrow. Mr. Untermyer wrote that he did not regard Mr. Daugherty's application for the injunction as an "impeachable offense" of itself, but believed "the attorney general should be promptly

STATE DEMANDS DEATH PENALTY

Jury Panel to Try Alleged Slayers of Enge Exhausted on Objections

PRESCOTT, Sept. 18.—That the state will demand the death penalty for the alleged slayers of Iver Enge was indicated today when the jury panel was exhausted because of the number of veniremen excused by the prosecution when their expressed objections to the death penalty and to circumstantial evidence, William E. Acker, on trial for complicity in the killing of Enge, sat through the morning and half of the afternoon session, apparently calm and unmoved, seldom glancing toward the jury box but watching the prosecuting officials closely.

Superior Judge John J. Sweeney offered call of 100 additional veniremen and adjourned court until Wednesday morning when the supplementary panel will report.

Enge was found, seriously injured, in a ravine near Prescott last June 10. He had been stabbed with a knife and beaten with a black jack. He was brought to Prescott where he died later in a hospital.

Acker was arrested and charged with the slaying. The prisoner, according to the police, admitted that he was present when Enge was attacked but claimed the attack was committed by another man, a companion.

Since then Thomas W. Burge, arrested at Yuma in connection with the killing of Enge was brought to the county jail here, where, the officials claim, he was identified by Acker as the man who actually attacked Enge.

WOULDN'T FACE WIFE

McALESTER, Okla., Sept. 18.—J. C. Trotter, former Methodist minister who escaped from the county jail here last night by sawing the bars of his cell, fled rather than face his wife, is the belief of officials.

FINAL ACTION OF SENATE ON TARIFF TODAY

Agreement Is Reached Upon Adoption of Conference; Report at 4 Today

SIMMONS ASSAILS BILL

Cameron Denounces Cotton Tariff; Valuation Issue Again to Fore

WASHINGTON, Sept. 18.—Final legislative action on the administration tariff bill at 4 p. m. tomorrow was agreed upon late today by the senate. At that hour the vote will be upon adoption of the conference report with no doubt of favorable action. After the Senate vote the measure will be made ready for President Harding and will become a law on the day following his approval of it.

In the four hours debate that is to precede final vote, the Democrat opponents plan to continue their final fight on the bill which was opened to by Senator Simmons of North Carolina, minority leader in the tariff fight.

Speaking for more than three hours, he assailed the bill as one that would increase living costs by billions of dollars a year and would result in the formation of hundreds and thousands of trusts and combinations in restraint of trade.

The attack on the measure was not confined today to the Democratic side, Senator Cameron, Republican, of Arizona, denouncing the action of the senate proposal to impose a tariff of seven cents a pound on long staple cotton. He indicated that he would vote against the conference report.

Efforts of the Democrats to get the bill back into conference to limit the authority of the president in the mat-

BREAKS DOWN DURING TRIAL

Professor's Wife Confesses to Clandestine Meetings With Clothing Man

SOUTH BEND, Ind., Sept. 18.—After a hearing of two hours and a half, featured by the sensational testimony of Mrs. Augusta Tiernan, who charged Harry Poulin, local clothing man with the paternity of her ten months' old child, Judge Chester Ducomb adjourned the case at 5 o'clock this afternoon until 10 o'clock tomorrow morning when the hearing will be resumed. Mrs. Tiernan is the wife of John P. Tiernan, Notre Dame law professor.

She seemed to bear up well until just before the hearing began, when she broke under the strain and wept bitterly.

After the first witness, Mrs. Vera Pinkel Binder, a nurse who attended Mrs. Tiernan when she gave birth to the child, had been questioned by Prosecutor Jellison and the defense had waived examination, Mrs. Tiernan was called to the stand. After answering the preliminary question in a tone scarcely audible and with her eyes cast down, Mrs. Tiernan in reply to Jellison's questions described in detail the entire course of her alleged illicit romance with Poulin. She told of accompanying Poulin on the night of February 18 to a place near here. These trips according to the witness, were repeated twice weekly for almost three months.

PROB ALLEGED CONSPIRACY

LOS ANGELES, Sept. 18.—A federal grand jury investigation to determine whether there has been a conspiracy in southern California to violate the interstate Commerce Law by interfering with interstate railroad traffic began here today. Hiram C. Todd, special representative of Attorney General and United States District Attorney Joe Burk will have charge of present evidence to the jury.

Shopcraft Defense Wins Victory; Rule Out 283 Affidavits

CHICAGO, Sept. 18.—(By the Associated Press).—More than one-third in volume of the government's evidence in its suit against the striking railway shopcrafts was ruled out today when Judge James H. Wilkerson upheld the contention of the defense that 283 affidavits recounting violence at the hands of the supposed strikers failed to show the prosecutions making them knowingly were to be used in court.

At one time attorneys for B. M. Jewell and John Scott, strike leaders, thus disposed of a large part of the slightly less than 700 affidavits on which the government based its claim of an unlawful conspiracy to destroy interstate commerce.

The defense victory follows two defeats for the strike leaders attorneys earlier in the day. Donald R. Richter, opening the defense case, again moved that the government's bill be dismissed but the court overruled his motion. He then moved that all of the affidavits detailing acts of violence be stricken out, but was again overruled.

MALONE GETS DECISION

COLUMBUS, O., Sept. 18.—Jock Malone, St. Paul middleweight, tonight won the judges' decision over Bryan Downey, Cleveland, in a 12-round bout.

MYSTERY VEILS DOUBLE MURDER IN NEW JERSEY

Seek to Establish Scene of Shooting Where Parson and Sexton's Wife Met Death

NEW BRUNSWICK, N. J., Sept. 18.—(By the Associated Press).—Unsuccessful search among many clues and conflicting details was made today by the detective staffs of two counties, the local police and seven states police to establish definitely the scene of the shooting to death last Thursday night of the Rev. Edward Hall, rector of the Protestant Episcopal church of St. John the Evangelist and Mrs. James Mills, wife of the sexton and a choir leader in the church.

The bodies of the two, bearing bullet wounds, were found side by side on Saturday, in an old orchard in Somerset county. Authorities of Somerset have expressed the belief that the two had been shot elsewhere, and the bodies brought to the orchard and laid out under the apple tree in an effort to draw closer the veil of mystery which mantles the double shooting.

The discovery today, however, of four witnesses, residing in the vicinity of the field, who reported hearing screams and gun shots on Thursday night, has strengthened the belief that the two shootings occurred in the rustic setting where the bodies were found.

Henry McCabe, a bridge tender, told the police that on Thursday night shortly before midnight, he was awakened by screams. He said that he called his wife and that they listened together until the screams grew fainter and fainter.

The next morning they asked Mrs. Henry Waters, a neighbor if she had heard the screams. Mrs. Waters said she had not, but had been awakened by reports of four gunshots.

Mrs. Mills was shot once between the eyes. The rector's body bore four bullet wounds.

With this new testimony fixing to a certain extent the scene of the crime, attention was drawn to a vacant house which stands on the Phillips farm, a tract of land adjoining the orchard. This house has been known for some time as the "mystery house." It is said to be rented, is fully furnished and yet is untenanted. A superficial examination is said to reveal that the house may have been recently occupied, though no one has been known to have made his residence there for some time.

ENTOMBED MINERS DIE WITHIN FIVE HOURS AFTER FIRE; GASES SOON COMPLETE DEADLY WORK; VICTIMS PUT UP COOL FIGHT

All Bodies Found in Crosscut Behind Second Bulkhead Erected by Trapped Men to Barricade Off Deadly Gases; Had Commenced Work on Third Barrier

'GAS BAD' SUBSTANCE OF NOTE FOUND ON BODY

Bodies Found Piled One on the Other or Huddled in Groups; Mine Officials Declare Death Came to Victims Without Pain; Jackson Accepts Fact Calmly

JACKSON, Calif., Sept. 18.—By The Associated Press.—All 47 of the miners entombed in the Argonaut mine August 27, are dead, it was announced officially shortly before 9 o'clock tonight.

A note found on one of the bodies indicated that all the men had died within five hours of the beginning of the fire August 27, officials said.

All the miners were found behind the second of two bulkheads built in a crosscut 4,350 feet down in the Argonaut mine.

Byron O. Pickard, chief of the federal bureau of mines for this district, was the first man to go behind the bulkhead and discovered the bodies.

Pickard, on an earlier exploration behind this bulkhead had counted 42 bodies and expressed the belief then that the others were there.

The note found read as follows: "3 a. m. Gas bad."

Th same note bore a scrawled figure "4", apparently indicating the same man had attempted to leave word for those who might come after, of the condition of the mine at that hour.

DEPUTIES BAR WOMEN SEATS IN CONVENTION

Declare Men Would Drop Out and Abdicate Responsibility if Women Are Admitted

PORTLAND, Ore., Sept. 18.—Women were denied seats in the house of deputies of the Protestant Episcopal church in the United States by a vote of that body in general convention here late today.

The vote was taken after a debate in which those who opposed amendment to the constitution paid tribute to the work and influence of women in the church but made the point that if women were admitted the men would eventually drop out, under pleas of other business and the men would "abdicate their responsibility."

Rev. Dr. Herbert H. Powell of San Francisco who was secretary of a joint commission appointed at the last general convention to inquire into the subject made an eloquent appeal from granting seats to women.

The house of deputies approved the financial program of the presiding bishop and council for \$1,000,000 for the next three years, a joint committee having endorsed the work and plans of the council with some suggestion for economies in combining of developments.

The Right Rev. Paul Jones of New York City, formerly bishop of Utah was one of seven nominated for missionary bishop of eastern Oregon in the house of bishops today. He resigned his jurisdiction during the war on account of radical utterances. The nomination was made by Bishop W. P. Remington of South Dakota; Rev. William A. Goodwin of Rochester, N. Y.; Rev. Benjamin D. Dagwell of Pueblo Colo.; Rev. Edward McCross of St. Paul, Minn.; Rev. Thomas Jenkins of Portland Ore.; Very Rev. J. Wilmer Gresham of San Francisco, Cal.

Seven Fires Sweep Californian Forest

SAN FRANCISCO, Sept. 18.—With seven fires sweeping uncontrolled through three national forests in California the United States forest service headquarters here reported tonight that the state is faced with the worst forest fire situation in years. More than 50,000 acres were burned over at the time the last reports were received here, and the cost of fighting the flames had exceeded \$15,000. The seven fires called for a fighting force of more than 250 men.

Naval Aviator Is Killed When Plane Stalls and Drops

DETROIT, Sept. 18.—Lieutenant Frank C. Fletcher, one of the most widely known aviators in the United States navy, was instantly killed at Selfridge field, near Mount Clemens, this afternoon when the Spad army biplane he was flying stalled 150 feet in the air, went into a tail spin and fell on the flying field.

The aviator was a native of San Rafael, Calif., and was graduated from the Annapolis Naval Academy in 1917. He was 25 years old.

Five States to Get Big Oil Royalties

WASHINGTON, Sept. 18.—Secretary Fall announced today he had certified to the secretary of the treasury for payment to five states more than 2,000,000 in royalties under the oil and gas leasing act for the fiscal year ending June 30.

The certification provide for payment to the states as follows: California \$695,344; Colorado \$1,479, Louisiana \$109; Montana \$78,218 and Wyoming \$1,506,877.
